PROFI EYELASH EXTENSIONS

At Artemis Beauty Spa and LUXUSLASHES™ our aim is to offer every type of woman the luxury of long, contoured lashes with a beautifully natural look. Our eyelash extensions are realised with the highest professionalism, quality and durability. LUXUSLASHES™ eyelash thickening/extensions perfectly accentuate your eyes and make mascara a thing of the past. Completely natural-looking, synthetic lashes are applied to your own eyelashes one by one with a special ophthalmologically-tested glue – lash for lash. And all this with permanent durability up until your body naturally replaces your own lashes. Our lash extensions give your lashes more volume, more length and accentuate your eyes perfectly.
